BUY DIRECT

**BUILDING SOILS & POCKET BOOKS FOR FUTURE
GENERATIONS**

Looking for cost-effective fertilizers and
soil amendments? Input pricing is
always the driving force when making
decisions for a producer; Morgan's
would like to help clear the air. Learn the
truths behind the benefits of manure,
Humic and Fulvic acids, liquid fish
fertilizer, compost and compost blends,
as well as water safe, phosphorus-free
pelletized fertilizers. Join Morgan
Composting to hear how to get the most
BANG for YOUR buck!!

Help your farm build better soil and
your pocket book for you AND future
generations.
Public welcome, no admission, lunch
provided. RSVP required.
